Introduction

Playgroup Tasmania believes that all children have the right to live safely – emotionally, mentally and physically. Playgroup Tasmania is committed to promoting and protecting the safety and wellbeing of all children at all times and in all circumstances in interactions with Playgroup Tasmania. Everyone has a role to play in keeping children safe from harm and creating child safe and child friendly environments.

The National Principles for Child Safe Organisations outline the importance of all organisations having

effective policies and procedures that document how the organisation is safe for children and

young people. The National Principles also emphasise the importance of embedding child safety

and wellbeing in organisational leadership, governance and culture. Developing and implementing a

Child Safe Code of Conduct is one key aspect of fulfilling these principles. (Australian Human Rights Commission).
