

Play is for Everyone!

Inclusion at Playgroup

At Playgroup we believe that everyone should feel they belong
Playgroups accept and celebrate the strengths and differences of all children and families
Playgroups are respectful, welcoming and embrace diversity

What can we all do to be more inclusive?

- Recognise that there are many different ways for children to play
- Be considerate of the diverse values, cultures and needs of all families
- Understand that changes and strategies to support one child can benefit everyone
- Acknowledge that there are many ways to communicate, and playgroup will use various methods to support all children
- Respect quiet areas at playgroup as these are spaces that are important for children and adults who may need to take a break
- Ensure that all spaces are accessible for wheelchairs, walkers and prams. Keep accessible parking, doorways, and ramps clear at all times
- Remember that Playgroup Tasmania offers support for access to an Interpreter when needed

Require access to an Interpreter? Please talk to Playgroup Tasmania to find out how.
