Child Safety and Wellbeing Reporting Policy and Procedure

- Child Safety and Wellbeing Policy
- Child Safety and Wellbeing Code of Conduct
- Child Safety and Wellbeing Reporting Policy and Procedures
- Child and Youth Safe Organisations Framework (Tasmania)
- Mandatory Reporting requirements (including the Reportable Conduct Scheme)

Policy

Playgroup Tasmania believes that any form of child abuse and exploitation is unacceptable and has zero tolerance of child abuse. All children have a right to be safe at all times and we, as an organisation, have an obligation to provide child safe, child friendly and child protective services and environments.

Playgroup Tasmania recognises our duty of care to take all reasonable steps to ensure that children are safe from harm and will take proactive steps to create child safe and friendly programs and environments. All decisions regarding the safety, welfare and protection of children are made on the basis of the best interests of the child. We want all children to gain the maximum benefit possible from the services we provide and to ensure that the positive impacts from any course of action outweigh any negative impacts.

Playgroup Tasmania will adhere to the Children, Young People and Their Families Act 1997 (updated 2022) and the Child and Youth Safe Organisations Act 2023, as legislated by the Tasmanian Government. While most child abuse occurs within families and communities, children can also be at risk of abuse in organisational settings. If it is considered that a child is at risk of harm or has been harmed – whether this has occurred within their family, in the broader community, during a Playgroup Tasmania activity or in any other organisational or social environment – the steps outlined in this policy will be followed. Everyone involved with Playgroup Tasmania has a duty to respond to concerns about a child's safety or wellbeing, whether or not the suspected harm occurred within our programs.

Playgroup Tasmania implements thorough screening practices of staff, volunteers and contractors. We acknowledge that child safety is a continuous process (see Playgroup Tasmania Child Safety and Wellbeing Staffing and Volunteer Procedures). Visitors to playgroups will be assessed on a case by case basis, including risk assessment and the implementation of strategies or actions to minimise any perceived or actual risk to children.

When concerns are raised about the conduct of staff, volunteers and contractors, Playgroup Tasmania will undertake an investigation following the Playgroup Tasmania Reportable Conduct Process Chart and comply with the requirements of the Reportable Conduct Scheme. This process ensures that allegations of reportable conduct are
